

Welcome back to school everybody and now it is 2026. Before we get to sports I hope you all had a great vacation.

While we were on break me and my family went to the Bahamas. I had a great trip and the weather was warm and it was gorgeous. While I was in the Bahamas I went on a Kayak. We went swimming in the ocean and we had a lot of football and baseball catches on the beach. I went in the hot tub a lot with my grandpa. And I took lots of walks on the beach with my parents and my sister. It was a wonderful trip.

Now we are in 2026 our sports teams are back in action. The jets and giants finished their very disappointing seasons. Hopefully they get very great draft picks and get better next year.

The Islanders and the Knicks are having very good seasons. On Saturday night the Islanders won in overtime when Matthew Schaefer scored the game winning goal. The Knicks have also been playing some good basketball. We will talk more about these teams next week.

Welcome back to LIU everybody. Let's have a great semester.
